Replace:

```
cell = tf.nn.rnn_cell.LSTMCell(state_size,  
state_is_tuple=True)  
cell = tf.nn.rnn_cell.MultiRNNCell([cell] * num_layers,  
state_is_tuple=True)
```

With:

```
stacked_rnn = []  
for _ in range(num_layers):  
    stacked_rnn.append(tf.nn.rnn_cell.LSTMCell(state_size,  
state_is_tuple=True))  
  
cell = tf.nn.rnn_cell.MultiRNNCell(stacked_rnn,  
state_is_tuple=True)
```

tensorflow v. 1.2.0
